DETAILS

Technical cargo pants are the best ally to both outdoor and indoor workers. With their technical and innovative details, these pants will defy time thanks to the durability of their polyester and cotton blend fabric. Elastic bands at the waistline and the insertion of articulated knees will bring comfort to any kind of setting. Multiple reinforcements at the waist, at the pants loafers, at the pockets and at the gusset make this garment perfectly... perfect!

These modern and multifunctional pants are already a hit with our customers!
